C.J. AUGUSTINE + FOREST ROGERS-PHILLIPS, WINEMAKERS

A DAY OF WINE, FOOD + FUN

"We're passionate about making great wine and sharing it with others, leading us to create August Forest Wines. We came to the Walla Walla Valley separately, each inspired to pursue our passion for winemaking. After meeting in the Enology and Viticulture Program, we knew we had something special in both our friendship and this incredible Valley. Now, we're thrilled to share our wines, favorite places, and experiences with you in this amazing region."
